

# Skylark Media Platform Logs

The Skylark SL NEO server generates two types of log files. AsRun logs and system logs.

## AsRun logs

This type of logs is discussed in [Program Channel](#).

## System logs

The system logs are generated by each Skylark service.

The system logs are written to C:\Program Files (x86)\SL NEO Media Platform\run\logs and sorted by date.

## MAM logging

See [SL Neo MAM](#)
